Recommendation

- I am recommending 'The escape game' event company to organise the upcoming team building event due to factors such as affordability costing £150 per participant, prompt booking and event commencement of 1 week, team capacity and indoor game which suits physically challenged Ning.

- My major check points for recommending '**The escape game**' event company includes team's capacity, low financial implication, quick time for implementation and physical event location
- The **escape game** event company has both indoor and outdoor event capacity suitable for someone with physical disability(Ning) and also offer workshops on learning ways of managing stress which other chosen companies does not have.
