Scrum Master - Job opportunity

Role: Scrum Master
Salary: £50,000 - £60,000
Location: Remote

Purple Squirrel Software specialise in providing software development, design and innovation, government and public sector, mobile and App development solutions and we are looking for a Scrum Master to join our technology team.

You will be responsible for embedding Agile best practices across multiple dev teams working on a range of products. You will lead these teams throughout design and delivery, spanning across a large part of each projects lifecycle.

Scrum Master Skills / Background -

* Certified Scrum Master
* PMO or Product Planning experience
* Highly technical (development knowledge)
* Agile methodologies

Scrum Master Role Responsibilities -

* Manage dev teams using Agile best practices
* Identify and remove blockers in order to deliver shippable releases at the end of each sprint
* Work with Product Owners and BA's to project plan and implement efficient processes
* Monitor the development backlog to ensure there is a pipeline of work
* Encourage a high-performance culture and identify continuous improvement opportunities
* Meet delivery plan objectives by ensuring all real time metrics are visible to the rest of the team
* Engage with stakeholders whilst continuing to coach and support them e.g. Product Owners

Company Benefits -

* Hybrid working
* Life Assurance
* Health Cash plan
* Gym membership contributions
* Company Pension

This is a fantastic opportunity to work with a really exciting business who are at the forefront of its industry.

Please send cv to olabanjo@purplesquirrel.com to apply.
